DEALS EMBRACE FAVORITE ISSUES

Renewed Activity on the Stock Exchange Takes in Wide Range of Shares—Steel feature.

New York, June 30.—Dealings in the forenoon gradually embraced all the better known issues, chiefly steel, Marine preferred, Union Pacific, Reading and the coal division. These were firm to strong with substantial inquiries for rails in general, Canadian Pacific and Union Pacific were foremost in this group, Canadian being favored on reports that American banking interests are to become active in its management. Demand for other important shares reflected strength in latent quarters. Specialties evinced a better tendency with the progress of the session, Alcohol and Petroleum showing almost full recoveries. Bonds were irregular with a sharp rise in Marine 4½s.

WHEAT AIDED BY BETTER QUOTES

Higher Cable Prices Tends to Strengthen Chicago Lists and Good Advance is Made.

Chicago, June 30.—Higher cable quotations tended today to strengthen wheat prices here. Opening prices which ranged from 1½¢ to 1¼¢ off to 1½¢ advance with July at 1.01½ to 1.01½ and September at 1.05½ to 1.05½ were followed by slight gains all around and then a moderate reaction.

Reports were current that two of the large European governments were inquiring for new wheat from the United States, but domestic weather and crop advices were against the bulls and caused declines late in the day. Prices closed nervous at the same as yesterday's finish to ¼¢ to ½¢ lower, with July at 1.01½ and September at 1.04½ to 1.04½.

Predictions of larger receipts led subsequently to further weakness. The close was unsettled at losses of ½¢ to 1¢.

Favorable weather eased corn but declines were checked to some extent by relative tightness of the July delivery. After opening ½¢ down to ½¢ up, the market underwent a general sag. Oats weakened with corn. Higher prices on hogs carried provisions up. The chief demand was for lard.

Chicago Grain.

Chicago, June 30.—Wheat: No. 2 red, No. 3 red and No. 2 hard, nominal; No. 3 hard, 99¢ to 1.00½.

Corn: No. 2 yellow, 77½¢ to 78½¢; No. 4 yellow, 75½¢ to 76½¢.

Oats: No. 3 white, 33½¢ to 34¢; standard, 40¢.

Rye: No. 2, nominal; No. 3, 38¢, barley, 64¢ to 65¢.

Timothy, 87½¢; clover, 7.00 to 13.00.

Pork, 24.50 to 25.60; lard, 13.20; ribs, 13.40 to 14.00.

Chicago Provisions.

Chicago, June 30.—Butter unchanged; eggs higher; receipts 13,679 cases; firsts 21½¢ to 22½¢; ordinary firsts 20¢ to 21¢; at marks cases included 20¢ to 21¢.

Potatoes unsettled; new receipts 35 cars; Oklahoma and Arkansas sacked Triumphs 95¢ to 1.20; Illinois, Ohio, 95¢ to 1.10; Virginia baled 3.55 to 3.75; old receipts 7 cars; white 35¢ to 1.05; Ohio 75¢ to 95¢.

Poultry lower; fowls 15¢; springs 21¢ to 25¢.

Better Service Northwest—Better street car service for the residents of Northwest Davenport can be expected soon, from the action taken at the meeting of the city council in adopting the report of the street car committee. Alderman Mueller, chairman of the committee, who has been working hard and faithfully on the proposition, presented the report, which stated that company officials were willing to switch the line of the Northwest car. Tracks will be laid as soon as possible from Third street to Sixth street on Marquette, and Northwest Davenport street cars will take this route instead of going up Warren street to Sixth, as they are now doing. It is aimed by this extension, to improve the Northwest service by allowing these cars to run independently of the Fejervary park cars, over whose route they now go.

Grant Heating Franchise—The much discussed extension of its steam heating franchise is at last being granted by the city council to the Grant and Electric company. This action was practically decided upon at a meeting of the city council in committee of the whole, when the council tied on the 6 per cent revenue amendment which was finally adopted by the mayor's vote. Some months ago, when the Davenport Gas and Electric company decided that the steam pipes in the city streets needed extensive repairs, they brought before the city council an ordinance granting the company a 25-year period to use the streets, inasmuch as the franchise under which they are now working expires at the end of five years.

Big Program Prepared for Fourth—A varied and elaborate program is being arranged for the same Fourth celebration to be given in Fejervary and Vander Veer parks. "Society First and Second" is the motto of the committee in charge. All parents and their children are invited to come and spend the day at either of the two parks. With the most of Europe now engaged in war and this country on the verge of conflict, the spirit of patriotism is now more pronounced than ever and it is expected more people will this year take part in the observance of Independence day. Arrangements this year are more complete than ever. Daily rehearsals are now being held. David Henschen will be in charge at Fejervary park and Mrs. M. Silber at Vander Veer park.

Returns After Long Trip—After a long distance hike of more than 6,000 miles, Robert Sindt returned to Davenport from Muscatine. In his trip across and back over the continent, Sindt has traveled through 14 states and has talked before thousands of people in an effort to create more respect for the American flag. Sindt left Davenport last fall and arrived in San Diego early in winter, going to California by the northern route. He has made his return by the southern route, passing along the Mexican border, where he saw much of the hatred of the Mexicans for the citizens of the United States.

Advance Price of Hair Cuts—It is expected that before long the price of hair cuts in Davenport will be 35 cents instead of 25 cents, the present price. A number of barbers are now discussing the advisability of making the advance and it is expected to be put into effect shortly. It is stated that Davenport is one of the few cities of any importance which still clings to the 25 cent rate. Rock Island and Moline have been charging 35 cents for some years. As far as known there will be

THE DAY IN DAVENPORT

no protest on the part of the barber shop patrons against the proposed increase. The raise is generally admitted to be fair and just when one considers the general advance made in all other lines.

Charge Against Jay Dixon Dropped—The charge of assault and battery against Jay Dixon, who was arrested some days ago at the instigation of Mrs. Krotzer, has been dropped. The woman in the case refused to appear against him. Assistant County Attorney Isaac Otisken, who was to prosecute the case, warned both Dixon and Mrs. Krotzer that the next time Dixon was arrested he would be given a jail sentence.

Drop Cases of Street Car Men—The amendment to the street car ordinance passed in the meeting of the city council will thwart all the chances of the police to prosecute the six motormen arrested some time ago. They were arrested under the original ordinance, which made it a violation of the law for street cars to stop on the far side of the street. Their cases were continued several times, and will now be dropped.

Reconsider Paving—Immediately after the session of the city council in committee of the whole, the council went into closed executive session and the paving propositions voted down a week ago were taken up and threshed out. It was decided that all of the paving voted down would be reconsidered, and at the meeting of the council Alderman Lindholm made motion to that effect. The vote of the council was unanimous to reconsider. Alderman Lindholm reported the examination of the Carey avenue sewer, which the residents of that street believed to be in bad shape, and he said that the sewer was found to be in good repair. It was Alderman Lindholm's vote that defeated the paving of Carey avenue last week.

Amendments to Ordinance—By amendments which formally became parts of the street car and automobile ordinances at the adjourned meeting of the city council new liberties are given the street car people, while jitney drivers become more closely restricted. Six motormen of the street car company were arrested some weeks ago by members of the Davenport police department, for bringing their cars to a stop on the far side of the intersections in various parts of the city. Their trial was continued indefinitely and the street car company got busy. Recently a meeting was held with the street car committee of the city council, at which the amendment presented to the council last night was framed. It allows the company to stop cars on the far side of the street, at certain intersections where such a stop would be a convenience to passengers. Alderman Lindholm, chairman of the ordinance committee, presented the amendment. He moved that the usual rules be suspended and the ordinance was passed by a unanimous vote of the council. The enforcement of the street car ordinance

Ladies Hold Zone Carnival.

The ladies of the aid society of the Methodist church yesterday held a most enjoyable and unique carnival. The object of the affair was to add to the new church fund. A number of autos placarded "Zone Hack" were put in use to carry the passengers to the three zones composing the carnival. These three zones were the territorial, temperate and frigid. The zone depot was located at the Selz Royal Blue shoe store, where tickets could be purchased for the entire trip for the sum of 25 cents. Having purchased tickets passengers were taken by auto first to the territorial zone, which was located at the J. W. Coffland home. Here the porch and rooms of the residence were suitably decorated to represent the territorial region, with flowers, shrubs and plants, all of which presented a very pleasing spectacle. A committee was stationed at this zone as well as at the remaining two zones, whose purpose it was to punch the tickets and to see to it that the visitors were served with lunch which had been prepared. At the territorial zone they were treated to chicken patties, coffee, rolls and ice water. The patrons of the carnival were taken by auto from this zone to the temperate zone located at the William A. Lorimer home. The natural surroundings at this place, including the fresh greenness and the natural foliage, well represented the zone which it signified. The spacious lawn and porch of the home were utilized to serve suitable refreshments, and which consisted of salad and lettuce with strawberry juice as a beverage. The already delighted guests were next carried to the Thomas Hartman home, which was uniquely fitted up to represent that cold and icy zone. Cotton was used to represent snow and upon the center table was placed a large make-believe cake of ice. In another room, two white coyotes, with a sled upon which sat a make-believe child just behind. This with the cotton all about presented a realistic winter scene. Still another feature of this zone was the placing about of a number of fake children, each in the act of throwing snowballs. Suitable refreshments of ice cream, cake and ice water were served to the guests here, after which they were taken in the "hacks" to the depot. Those who were in charge of the carnival are indeed to be congratulated upon the excellent results of their untiring efforts to make the enterprise a success.

Want Discussion on Light Matter—In order that the electric light rate proposition may be settled once and for all to the satisfaction of the public, Alderman Raben, chairman of the light committee of the city council announced that an open meeting of the committee would be held at 3:30 o'clock Monday afternoon. The committee claims that the second set of electricity rates submitted by the company are higher than the rates proposed some time ago, and it to thresh this matter out the committee will be held. All residents of Davenport, who have complaints to make, or have anything to say on the matter will be heard at this meeting, Alderman Raben announced. It will be held in the city hall.

How Old Is John Benson? He Has Almost Forgotten—Does anybody know how old John Benson, formerly of Davenport, and now of Chicago, is? Mr. Benson is able to remember that he was born sometime between 1857 and 1860 on the 6th of July, but just how old he is, Mr. Benson has forgotten. To attempt to figure out his age he has written to Mayor Berwald, asking him to look up the records of birth in those years, and find out what he can about the matter. "For the sake of my 10 dear children," Mr. Benson writes, "please do what you can to find out this matter. I was formerly a member of the volunteer fire department, and the worst bet is some one in Davenport who knows how old I am."
